

Senior Job Captain/Project Architect

Barcelon & Jang, Architecture is a design oriented firm specializing in community design, supportive housing, educational facilities and museum/gallery architecture. We are located in the San Francisco North Beach/Northern waterfront area.

Basic Job Description:

We have an immediate opening for a self-motivated and self-directed Senior Job Captain/Project Architect who can effectively time-manage and handle projects. We are seeking candidates with a minimum 5-7 years experience. The position requires multi-tasks on multiple projects within a cooperative project team. Candidate will work under the direction of Principal in Charge for design, concept development and project coordination.

Background Experience Required:

1. Effective communication both verbal and written
2. Exceptional organizational skills
3. Competent knowledge of AutoCAD, MS Word
4. Construction Administration management skills
5. Working knowledge of Building Codes, ADA requirements
6. Strong problem solving ability / self directed
7. Design skills
8. Able to work in team environment
9. 5-7 yrs experience

Barcelon & Jang offers salary/benefits commensurate with experience and capabilities. Please email resumes to resumes@barcelonjang.com or by mail to office, no phone calls or faxes, please.
